

Standard: Creating

Unit: 3

Assignment: Multimedia Painting: Concept Plan

Objective:

Students will be able to hypothesize new ways in which art can influence perception and understanding of human experiences in order to plan a surreal Multimedia Painting with both collage and painted components Pixlr, using the Select, Arrange, Picker, and Draw tools on multiple layers.

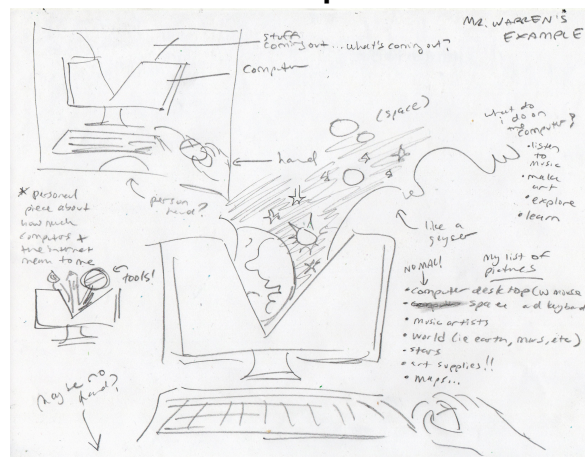

Essential Questions:

- How do media artists generate ideas?
- How can ideas for media arts productions be formed and developed to be effective and original?
- How do media artists organize and develop ideas and models into process structures to achieve the desired end product?

Assignment Description:

This assignment will provide students the opportunity to build on their digital painting and collage skills in Pixlr. This assignment is designed as a learning opportunity for students to become proficient at using digital tools for artmaking while engaging in surreal thinking.

Example

Assignment Directions:

In order to successfully submit this assignment you need to complete the following steps:

Step 1: Choose your main subject: House, face, car, food, etc...

Step 2: On a piece of paper, draw out your subject. How is it breaking open? How are we seeing what's inside?

Step 3: Underneath your sketch, make a list of the photo references you will need.

Step 4: Please submit your completed Planning Document to Schoology for teacher review and feedback.

NeedsAssignment Actions:

Please submit your completed Planning Document to Schoology for teacher review and feedback.
